

# HAVERKAMP ClickFilm® AM

Switchable automotive film  
for privacy protection

 HAVERKAMP

## #glassoptimizer

- most innovative film developments
- best national and international references
- recommended by insurance companies
- most modern production techniques
- made in Germany

### ClickFilm® AM at a glance:

- switchable film for vehicles - for temporary visual protection
- switching either by switch or remote control
- from B-pillar or with special permission for emergency vehicles (rear window depending on model)
- no radio interference due to specially developed transformer 12/24 volts
- for subsequent installation: industrial sand glider coating of the delivered vehicle windows at the HAVERKAMP factory
- ABG-certified / A-pillar possible with special authorization
- high light transmission / VLT

## Information

A temporary privacy screen is often helpful in the vehicle. Undisturbed official conversations or journeys are desirable in many situations. For example, when transporting people or when the police are on duty.

The car film can be flexibly switched to transparent or matt by switch or remote control. HAVERKAMP ClickFilm® AM can be retrofitted to existing car glass. The installation is carried out by trained HAVERKAMP specialists.

Installation of the film is only permitted in Germany from the B-pillar upwards.  
ABG-certified / A-pillar possible with special authorization

## Application areas

- Emergency vehicles of military, police, ambulance, fire department, THW
- Limousines
- Buses
- motor homes
- passenger cars of all types

## Product variants

- HAVERKAMP ClickFilm® white  
on: transparent | off: matt white
- HAVERKAMP ClickFilm® grey tinted 05  
on: transparent | off: matt grey
